

COMREON[®]

A4W wireless Conference Microphone

A4W is designed specifically for small and medium-sized collaborative spaces. It features an integrated 3 microphones and an extended microphone, along with a high-fidelity speaker capable of capturing your voice from a distance. Additionally, A4W can be daisy-chained with other A4W units for conferencing purposes, accommodating the needs of larger meeting spaces. The device incorporates advanced 3A audio algorithms for echo cancellation, noise suppression, and gain control, ensuring that your voice is heard clearly. It is compatible with Android, Windows, and Mac OS operating systems, offering connectivity options either wirelessly or via USB cable. With A4W communication has never been easier!
